

Inspire...

...Assist...

...Advance

Environment

The organisation provides support to improve health and living environment in partnership with local institutions through activities such as:

1. Distribution of clean water.
2. Plastic recycling program to reduce the number of plastic garbage (Machupa project) in Tchundwa village.
3. Village environment cleanup initiatives and other community health projects

Join us

Ikhlas Foundation seeks for the co-operation and affiliation with individuals, government, authorities and other organizations to engage in services for the welfare of the people of Lamu, especially the less privileged and marginalized women and youth.

Mission

To work with others to inspire and assist in the advancement of education, livelihoods, health and the living environment in Lamu, Kenya

Objectives

1. Promoting secular and spiritual education, especially for women and girls;
2. Building capacity of women and youth in economic and social development;
3. Providing support to improve health and living environment.

Activities

Education

The Foundation works to improve both secular and non-secular education in Lamu County, especially for women and young girls. Some past and ongoing activities are:

1. Sponsoring needy students through our Inspiration for Lamu, Helping and Mentoring (ILHAM) education program.
2. Founding of an adult Islamic religious school for women (Madrassat-ul-Ikhlās).
3. Contributing towards education projects such as book donations, construction of a new madrassa, mosque, and library.
4. Organising meetings, workshops and mentorship programs for schools, youth and women with the aim of encouraging and nurturing a culture that values education.

Livelihoods

Ikhlās Foundation promotes sustainable livelihoods through building capacity of women and youth in economic and social development, which in turn will create jobs and improve the livelihoods and the local economy. Initiatives towards that include:

1. Meetings and mentorship with youth
2. Initiation of youth volunteer programme
3. Meetings to build capacity of the women groups.
